TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Allenstown in the
County of Merrimack in said State, qualified to vote
in Town Affairs:

[L. S.]

You are hereby notified to meet at the New Fire Station in said Allenstown on Tuesday, the fourteenth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To chose all necessary Town Officers for the year ensuing.

2 To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear and act upon the report of the Town Budget Committee.

4. To see if the town will authorize the Selectmen to borrow money in anticipation of taxes.

5. To see if the town will vote to give a two per cent discount on all taxes paid on or before July first.

6. To see if the town will vote to charge twenty cents on each poll tax not paid on or before the first of September in each year; this vote to be in effect until rescinded by some future town meeting.

7 To see if the town will authorize the Selectmen to administer or dispose of any real estate acquired through tax collector's deeds; this vote to be in effect until rescinded by some future town meeting.

8. (By the Selectmen) To see if the town will vote to raise and appropriate the sum of eight hundred dollars (\$800.00) to remove rubbish which will be placed on the side of the street every Saturday, and to give the Selectmen power to supervise the same.

9. (By Petition) To see if the town will vote to give the Selectmen the power to appoint road agents.

10. (By Petition) To see if the town will vote to raise and appropriate the sum of three hundred dollars (\$300.00) for oiling Valley Street and Notre Dame Avenue as far as Bailey's pines.

11. To hear the reports of auditors, agents, committees or officers heretofore chosen, and to pass any vote relating thereto.

12. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 27th day of February, in the year of our Lord nineteen hundred and thirty-nine.

The town has been carrying as an asset for some years sums due from a former town clerk: one item of auto permits for the year 1920, \$224.03; and one from the same person for auto permits for 1921, \$147.06. In the opinion of the Selectmen and Auditors, these accounts are without value and there is no merit in carrying them as assets, since it does not give a true picture of the financial condition of the town. Upon the advice of the State Tax Commission these sums have been removed from the balance sheet.

DOMESTIC SCIENCE REPORT

To Mr. George H. Harmon, Superintendent of Schools:

In this course we have tried to teach the simple rudiments of cooking and sewing. If the girls can attain a satisfactory working basis in these studies, we feel that they can derive greater enjoyment and profit in caring for a future home or in helping themselves if they enter the business world.

With this aim in view, everything possible has been done to instill a sense of responsibility and having a share of being an important part in carrying on the work of the classroom.

Briefly, a report is made on work accomplished during the year.

In the fall, we canned vegetables and fruits, and made pickles, jellies, and marmalades. Some of the canned products were sold, some were used in the homes, and the rest were consumed in the hot lunches served during the cold winter months. The vegetables and fruit canned for hot lunches were given by parents and friends.

At Christmas time a sale was held and articles made in sewing and cooking were sold. A quilt was made and sold.

During the winter the cooking lessons centered around the hot lunches served. At this time the parents furnished winter vegetables and part of the milk used.

Later in the year the girls made clothing for themselves which was shown in a Style Show given in connection with the School Exhibition. They also made the

costumes used in the operetta, "The Moon Maiden". After the exhibition, the rest of the year was devoted to cooking. They had lessons on preparing and serving the three daily meals, and learned to cook the simple foods used in these meals. The last of May a luncheon was served to the mothers, School Board, and the Superintendent of Schools.

It is through the cooperation of parents, friends and school officials, that this course is of help to the girls of the Domestic Science Classes. To them we give our sincere thanks for making this year an enjoyable and educational one.

EDNA P. BENWARE
Teacher of Domestic Science.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Allenstown:

My fifth annual report deals chiefly with staff of teachers, special activities, and building and equipment.

Staff of Teachers

The interest in professional improvement among you teachers is highly commendable. For two years your principal has completed Summer Session Courses in Education at New Hampshire University. Both full-time teachers of the lower grades completed the Harvard-Boston University Extension Course, given in Concord last spring, and are now taking an additional course under the same extension.

The only change in your staff has been that of the part-time teacher. Mrs. Jennie Leone of Hooksett was selected to succeed Mrs. Maria B. Lea who withdrew at the close of school in June. Mrs. Leone is a teacher of experience, having taught for several years in Hopkinton Village

We are fortunate in retaining Mrs. Gale for teacher of music.

Special Activities

In the annual spelling contest held in Raymond, Allenstown pupils made a creditable record with a score of 284 out of a possible 300. The school was represented by Helen Muller of Grade VIII; Lillian Malo, Grade V; and Richard Holmgren, Grade IV.

Through the hiring of the Suncook Community House for the use of the Allenstown School and other organizations, regular instruction in physical education

has been continued for both boys and girls. This training is particularly important in the development of correct posture, deep breathing, alertness, obedience, and fair play.

Through the generous cooperation of your churches and other organizations and assistance from town officials and other individuals, thirty children from two to five years old have continued to receive physical care and kindergarten instruction in the Suncook Nursery School. The federal government, through its educational office of the Works Progress Administration, has paid all salaries of the head teacher, assistant teacher, resident full-time nurse and part-time workers from the NYA classes. The federal government has also purchased fifty per cent. of the food. Rent, fuel, lights, kitchen and class supplies, and half the food has been supplied locally. The local share of the cost averages a little more than \$40. a month, or 8 cents per child a day.

This year Mrs. Anne Angwin replaced Miss Helen G. Carpenter as head teacher of the Nursery School. Miss Una G. Dearborn, a graduate of Keene Normal School and formerly teacher in Pittsfield, Concord, and Keene, is the assistant teacher. Mrs. Elizabeth G. Warren, R.N., has been retained and has done very valuable work as nurse and dietitian.

A thoroughly interested group of women under the instruction of Miss Isabelle Barnett has made practical the continuance of adult classes in sewing and weaving. A large class in cooking now meets on one evening a week. This is enjoyed by a group of younger women who did not have opportunity for such instruction while attending school.

The purchase by Allenstown in conjunction with the other districts of this Union of a Keystone motion picture projector and "daylight" screen for use in their

schools makes available a wealth of subjects best presented through visual education. Free films representing history, geography, and science are loaned by the State Board of Education. Over a thousand other films, including literature and the latest in travel and invention are procurable for small rental fee. The equipment is so simple that it may be operated by a teacher or even an older pupil.

Building and Equipment

The gale of September twenty-first made necessary extensive repairs to both the shingled surface and to the timbers supporting the roof. Considerable of the brick wall above the front entrance and near the roof was broken away. The necessary repairs delayed the opening of school for a week and required an expenditure of money far in excess of the budget item of \$125 appropriated for repairs.

Before another winter attention should be given to the basement wall, at the rear of the coal bunker, where water is entering. Otherwise the action of water and ice may later call for extensive repairs.

New Equipment has been limited to the purchase of one dozen kindergarten chairs, and to the building by the manual arts classes of two cutting tables for the sewing room. These are also used for dining tables during the lunch hour.

Your janitor has given excellent care to the building and its equipment.

In conclusion the Superintendent wishes to commend the policy of the School Board in making permanent improvements wherever these add to better health and instruction and are obtainable with the funds available.

Thanks is due Mr. Kelley and the boys in manual arts for the repairing of Nursery School furniture and equipment.

Last year the per cent. of attendance increased from 94.5 to 97.1; while the per cent of promotions advanced from 95.3 to 98.4. Considering these figures and the fact that the average number of tardinesses per pupil was only .6, much credit is due the pupils, teachers, parents, and transportation driver.

Respectfully submitted,

GEORGE H. HARMON,

Superintendent of Schools.
